

THE FREELANCER BLUEPRINT

WWW.VIRTUALMISSFRIDAY.COM

A Freelancer (in the digital world) is often someone who has developed a skill or talent and provides that to people online as a service. They're self-employed and work under varying degrees of contract either for the purposes of ad hoc requests, projects or ongoing support.

POSITIONING

Create a unique identity for yourself to set you apart.

IMPRESSIONS

Communicate effectively online using the written word, and multimedia.

TOOLS

Get organised with email, time management, file storage and list building tools (online).

COLLABORATION

Plan ahead for working together with your first client.

LEADS

Grow your freelance business through a variety of channels.

Are you ready to explore becoming a Freelancer?
